Dear Mr. Paynter,

Thank you very much for your informative letter of March 3 and for the thoughtfulness of enclosing an order form. It and our check are enclosed.

If those HSCA records are no more than copies of those books I do not want copies of them.

You refer to a "four-page document found at record number 124-10034-10120."I do not know what that is but I'll add a dollar to the check to pay for a copy.

Thanks also for your other explanations.

I've no idea why the FBI used my name less than it appears in the FBI's records. But thanks for telling me.

Sincerely,

Harold Weisberg
